PRESIDENT'S LETTER

By Jeff Janssen (J3_Investments@yahoo.com, 309-846-0250)

The excitement has been building and the time is finally here! The sun is shining and by the time you read this letter, the "STILL NEW" pool will be open and summer activities will be going strong. We will meet and greet our neighbors around the pool and in our backyards. Our children will find new and exciting ways to entertain each other outside. Yes, it is time to have some fun in the sun!

This past week a friend was cleaning out their basement and came across a good old-fashioned soapbox. They asked me if I wanted it, but I didn't know if I really had a need for a soapbox. But, I asked, do you mind if I borrow it for a little bit? So if you will be so kind as to grant me a few minutes, I would like to stand on my borrowed soapbox.

Fox Point has a lot of love and community made possible through the willingness of volunteers. We have the opportunity to partake in excellent neighborhood events like the Pig Roast, the Fishing Derby, and the Kids Triathlon -- just to name a few events coming up soon. We are able to splash in the pool fountain; to accept the challenge of hitting a small yellow ball over a net; to swing on a tire at the playground; and to kayak or boat on our Lake Louise. These events and amenities are granted to us through a huge network of Fox Point volunteers that donate their time, energy and resources to the enjoyment of others within our neighborhood.

So if you aren't already volunteering, I definitely encourage you to do so. However, that really isn't where I'm going with this message. If you are participating in some of our Fox Point events and our amenities (or even if you are not and just appreciate them being available), I encourage you to lavish our volunteers with praise. Let's make each of our volunteers aware of how much we appreciate their contributions and their part in creating an atmosphere of giving within our neighborhood.

Take advantage of those moments to express your appreciation and say "THANK YOU!" Or consider giving them a call, sending them a note, or knocking on their door just to tell them how much you appreciate their role in making our community better. "Thank you for setting up that event!" "Thank you for spearheading that issue within our community!" "Thank you for serving on that committee or for serving as the newsletter editor!"

We need to lift up our volunteers and thank them for their contributions (often through personal sacrifice). I could not be more proud to live in a community that has such an outstanding network of volunteers. So if you are inspired to volunteer within Fox Point, please find a small role (or even better, a large one) that aligns with your interests. At the very least, take a moment to thank those that are volunteering within our neighborhood. Before I step off my soapbox, I want to sincerely express my great appreciation for all of the volunteers within Fox Point. THANK YOU! THANK YOU! THANK YOU! THANK YOU!

By Lynn Douglas (lyndouglas@sbcglobal.net)

Let's welcome one of Fox Point's new residents and our new volunteer newsletter editor, **Amanda Austin Schrof**.

Beginning with next month's issue, Amanda will assume full responsibility for the newsletter from **Jennifer Frighetto**, allowing Jennifer to devote more time to her rapidly expanding communications business. Jennifer has been a delight to work with and has done a professional job for Fox Point.

Amanda and her family (husband Larry and their 5-year-old son and 3-year-old daughter) recently moved back to Illinois after 4 ½ years in California. She works full-time as a clinical project manager from her home office. When Amanda is not busy working or mom-ing, she enjoys craft projects and the New York Times crossword. She is a fan of all things PBS, especially Masterpiece Theater. Thank you Amanda, for volunteering your time and talents as our new Fox Point News editor!

It's Fox Point's loss and The Woods of South Barrington's gain, as we say goodbye to **Sharon Yamakawa**, a former and highly competent volunteer newsletter editor.

Thanks to Sharon, Jennifer -- and now Amanda -- the 50-year tradition of the Fox Point newsletter continues.

BOARD REPORT: SAFETY & WELFARE

By Erik Vandenberg (evbergh@gmail.com)

First and foremost, I would like to thank those who voted for me to serve on the Board. It is my honor to put some extra time and effort into the community we share. My family has lived in Fox Point for less than a year, but it already feels like home. I have three young boys and my hope is that while I focus on making our community as safe as possible for my boys; I will make it extra safe for your families.

In addition to the obvious issue of speeders in the neighborhood, I will be proposing some extra safety-related events to the Board, such as first aid/CPR certification opportunities.

I know many Fox Point families with young kids recently joined forces to address some pool concerns. I believe it is extremely important for concerns to be voiced when living in a community like Fox Point. I am open to your suggestions and welcome your emails and calls regarding safety and welfare issues. See you at the pool or during one of the many social events that our wonderful neighborhood has to offer.

Cheers!

BOARD REPORT: COMMON GROUNDS

by **Mike Moran** (mdmoran@morandist.com, 847.344.9365)

We are in full swing for the season as we work on a number of projects in the neighborhood.

My hope is that the Valley Street entrance project is complete by the time this newsletter is published. We have made some minor (or maybe not so minor) changes to the layout as the landscapers began the planting process. We did not like the location of some of the trees and larger plantings once we saw them in place. In a couple of instances we even changed the plant selection, which required the landscapers to order different items for us and delay completion. If the economy is stagnant you would never know it based on how busy landscapers and other contractors are at this time of the year! I think the final product will really help make Fox Point look incredible, especially in the coming years as the plantings start to mature.

The fence repair at the Valley entrance is also still a work in progress. As luck would have it, that fence was discontinued a few years back and we can no longer get replacement sections. At first pass the fence vendors told me that we either needed to replace 100% of the fences on those walls with a new version or custom build new sections in order to complete the repair. Both options were very expensive and not practical so we continue to research other options. My hope is that the fence will be repaired as we complete the landscaping.

This year we are adding seasonal plantings to new flower pots at the pool house entrance. It should really complete the pool entrance. I have been told that I am nuts for putting these up there as no one will water them or take care of them over the summer season. In the spirit of being nuts, I ask that if you are up at the pool and see that my pots of flowers are in need of some love, please feel free to add some water, pick out the dead flowers, talk to them, or do whatever you feel is necessary to keep them looking nice. If you have pulled your kids out of the pool for a few minutes due to bad behavior, send them up to water the flower pots as part of their punishment. Just thinking outside of the box! Any assistance would be helpful.

We completed the tree removal project at lot D and I hope to have the guys out to trim the trees at the pool, tennis court, and boat dock areas very soon. The path/asphalt sealing projects will also move forward once the school district completes their repair of the path that leads from the south side of Fox Point to the school complex. They told me that it is on their list but cannot tell me when it will be completed.

The landscapers did a very poor job in the seeding repair this spring so they will be back out in full force in the coming weeks to better complete this task at all of the common areas of Fox Point – pool, tennis court area, boat dock area, across the street from the boat dock area, as well as a couple of the islands.

As always, if you see something that needs to be addressed, please let me know. As an FYI, we do budget in the fall each year for monies to be spent the next calendar year, so most of our projects and expenses are already fixed for this year. I am starting to look forward towards next year as I am putting together a potential to do list for 2017 projects.

At our May meeting we approved one request (1390 Oak Ridge) for a pergola.

If you need to reach me please don't hesitate to reach out.

Water Testing & Observations

Henri Kokke and I met with Lake County in May to go over the level 2 water quality testing procedure. Once a month we will be taking water samples from the middle of Lake Louise and sending them to the Illinois EPA for review. This will give us some benchmark data on things like phosphorus levels and suspended solids that we have normally only received in Lake County study years. It also gives us a good excuse to enjoy Lake Louise.

Our initial Secchi disk readings indicate that the water has an average visibility of a little over one foot. This is not great news, but is consistent with previous years (around this time). Low visibility means that plants have a hard time growing. That said we have seen a good amount of Curly Leaf and Sago pondweed along the shorelines. Although Curly Leaf is an invasive type of plant, we will take whatever growth we can get to consume some of the nutrients in the lake. Curly Leaf (a brown reddish weed with curled leaves) will die off as the water gets warmer.

Treatment

Environmental Aquatic Management (EAM) has completed two chemical treatments so far this year. As it gets warmer, the treatment frequency will go up. The bubblers are operational and currently there are no standing algae to contend with.

Do you recognize this picture?

This is Flint Creek looking into Lake Louise on the cut through connection on Surrey between Lake Shore and Valley. It looks its best in the fall, but the native plants are growing in and making it a fantastic scenic spot on the lake. The next time you are on a walk, stop and enjoy the park bench and view. The Flint Creek shorelines are managed by the HOA for plant life and erosion control. You will see some minor activity from time to time this summer to help preserve this asset.

Boating – Your Boat Must Float

If you have a boat on the rack, you have one more chance to register it at the second and final Your Boat Must Float event. **Brian and Christine Mickey** will be at the dock on June 12 from 1 - 4 p.m. to make sure your boats are operational and not just pretty decorations. If you know your boat is not operational, or you are interested in divesting it, please reach out now. If you have not made it out to this event or made prior arrangements with the Mickeys, we may have to remove your boat from the racks to accommodate more active boaters.

Teen Nights @ The Pool

Based on last year's low attendance and feedback, Friday Night Teen Nights will return this summer in a limited fashion. Specific dates are to be determined: two Fridays in June, two Fridays in July, and we will monitor success and feedback for August nights. We plan to host approximately four Friday evenings in the summer. We can't hold Teen Nights without parent volunteers! If interested please contact Chris Kitzman: chris.kitzman@citrix.com.

Family Campout

This annual Fox Point tradition needs new co-chairs in order to continue! Date is up to the chairs and it's held at the boat docks. Please contact Chris Kitzman if interested at chris.kitzman@citrix.com.
