

BARRINGTON

Be Inspired.

Fellow Fox Pointers,

I'm excited to announce that Phase 1 of the downtown streetscape enhancement project is underway. Over the next few months, we will be making some big improvements along Cook Street, Station Street and the northwest segment of Park Avenue. Expect new sidewalks, clay brick accents, landscaping and more. At the time of print, the project was anticipated

to begin at the end of March, weather permitting, with completion expected by the end of June. For the latest project information and to subscribe to receive email updates, visit the Village's website at www.barrington-il.gov/construction-updates.

As we begin this work, I encourage everyone to continue supporting all our local restaurants and businesses, especially those in the construction zone. These businesses are a vital part of our community and remain open and accessible throughout the project. Whether you're grabbing a bite to eat or shopping local, your support makes a difference.

In addition to the streetscape improvements, we are excited to introduce a new Village video series showcasing the restaurants and retailers that make Barrington such a great place to shop, dine and explore. Our first feature is Bowlful of Korea, and the video can be viewed on the Village's website at www.barrington-il.gov/videos. Be sure to follow the Village's Facebook and Instagram pages for more updates, and don't miss out on discovering some of Barrington's best spots!

We've also got some great new businesses coming to town, including Fix Sandwich Shop's new location, Taco Maya, Bundle and more. Make sure to follow the Development and

Construction Updates page on our website at www.barrington-il.gov/development-updates for the latest on these exciting additions.

Finally, with spring now here, it is the perfect time to plan your home improvement projects. The Village of Barrington now offers a convenient online permitting portal, allowing residents and contractors to apply for permits, upload plans, pay fees, and receive approvals from the comfort of home, often without needing to visit Village Hall. We are proud to offer this enhanced service, and our staff is always available to assist you along the way.

If you ever need anything, please email me or contact Village staff.
